Dear Editor of Indonesian Journal of Chemistry,

We wish to submit an original research article entitled "**Validation For The Quantification Of Domperidone In Spiked Plasma Matrix Using Reversed Phase HPLC-UV Method**" for consideration by Indonesian Journal of Chemistry.

We confirm that the written manuscript is original, and no part of it has been published before, nor is any part of it currently under consideration for publication elsewhere.

The manuscript presented the development method for quantifying domperidone in plasma matrix using RP-HPLC UV. The method was simple, rapid, and could become the reference method for exploring pharmacokinetic studies. This manuscript very related to this journal's scope which explored the analytical chemistry field.

Please find below a list of potential reviewers for this work.

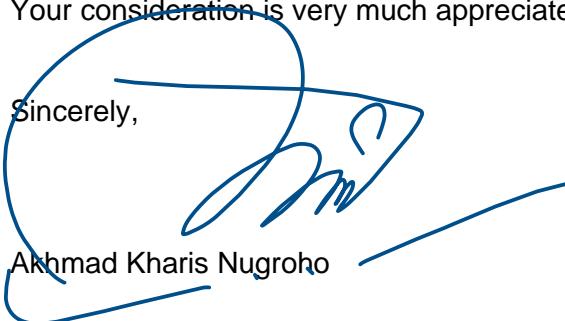

We have no conflicts of interest to disclose.

Please address all correspondence concerning this manuscript to me at a.k.nugroho@ugm.ac.id.

Your consideration is very much appreciated. We are looking forward to your favorable reply.

Sincerely,

Akhmad Kharis Nugroho
