Dear Editor of Indonesian Journal of Chemistry,

We wish to submit an original review article entitled "Strategies in improving sensitivity of colorimetry sensor based on silver nanoparticles in chemical and biological samples" for consideration by the Indonesian Journal of Chemistry.

We confirm that the written manuscript is original, and no part of it has been published before, nor is any part of it currently under consideration for publication elsewhere.

This manuscript is focused to review the strategies to improving the sensitivity of silver nanoparticles as a colorimetric sensor. This review discusses how to synthesis of silver nanoparticles in optimum condition to result silver nanoparticles with high sensitivity that use in colorimetric sensing of chemical and biological samples. The readers will obtain information about the strategies to get silver nanoparticles with high sensitivity then use as colorimetric sensor. The result of the characterization technique using some instruments also discussed in this review. Application of silver nanoparticles as a colorimetric sensor in various samples and analyte also discussed in this review.

Please find below a list of potential reviewers for this work. We have no conflicts of interest to disclose. Please address all correspondence concerning this manuscript to me at [ganden-s@fst.unair,ac,id].

Your consideration is very much appreciated. We are looking forward to your favorable reply. Sincerely,

Ganden Supriyanto

## **List of Potential Reviewers**

## Note:

- 1. Reviewers should not be from the same institution as authors.
- 2. Reviewers have no research collaboration with authors in the last three years.
- 3. If possible, reviewers have a different nationality.
- 4. Final decision of the reviewers will be made by editors.

1. Name : Amilan Jose

Affiliation : Departemen of Chemistry, National Institute of Technology

Address : Thānesar, Haryana, India

E-mail : amilanjose@gmail.com , amilanjosenit@nitkkr.ac.in

Reviewing Interest / Bio-Sensor, Chemical Sensor, Gasotransmitter Delivery, Ions,

Expertise : Dyes

2. Name : Cheal Kim

Affiliation : Seoul National University of Science and Technology

Address : Seoul, South Korea

E-mail : chealkim@snut.ac.kr , chealkim@seoultech.ac.kr

Reviewing Interest / Chemical Sensor, Ions, Dyes

Expertise

3. Name : Cheng-Yun Wang

Affiliation : School of Chemistry and Molecular Engineering, East China

University of Science and Technology

Address : Shanghai, Shanghai, China
