Makassar, September 3rd, 2019

Dear Dr. Pramaditya Wicaksono
Editor
Indonesian Journal of Geography

I am submitting a revised manuscript entitled “**Spectral Characteristics of Plastic Debris in the Beach: Case Study of Makassar Coastal Area**”.

I would like to apologize for the late reply to your email on August 8th, 2019, because I was on pilgrimage from July to the end of August. The manuscript has been formatted following the journal guideline. However, we are not able to review the comment because we could not find the attached file according to your email. Since the due time of revised submission is close (30 days since the last email from editor) therefore we submit the revised manuscript without the reviewer comment. I am very grateful if you could resend me the reviewer comment and I will revise according to the comment.

Thank you very much for your consideration.

Yours Sincerely,
Dr. Ahmad Faizal
